

GOTA

Net Control Script

The GOTA Net for new and unseasoned hams will start in 2 minutes

Is this frequency in use? Nothing heard

Good evening and welcome to the GOTA Net. My name is Larry, my call sign is VE7LXB, and I will be your Net Control this evening. This Net takes place every Thursday evening at 7pm and is open to all New and unseasoned Hams as well as designated Elmers. Emergency and priority traffic may break in at any time.

This Net takes place in three parts. First, I'll ask for announcements from our SARC Executive. Then I'll ask for check-ins. Finally, we'll have a Round Robin discussion for those that wish to participate. Tonight our Round Robin discussion will focus on __ Of course you may also pose any other ham-related questions for the Elmers.

Before I take check-ins, are there any announcements from the SARC Executive?

We will now move to the check-in portion of tonight's net. I have already noted early-bird check-ins from.... I'll now take check-ins from **other** new or unseasoned hams. Please give your call sign in phonetics, your name, and confirm whether you will be staying for the Round Robin discussion.

New Ham check-in's come now please.

Any missed or late New Ham check-ins including EchoLink, come now please.

I'll now ask the designated Elmers to announce their presence with their call sign and name.

ROUND ROBIN: We will now begin the Round Robin portion of our Net. The topic tonight is __. I'll introduce the topic, then when I call your station feel free to comment on tonight's topic or to pose questions you may have for the Elmers.

I'll start with...(Call each check-in in order on the list once.)

This concludes the Thursday night GOTA Net. I would like to thank everyone who participated. Remember, this net meets every Thursday evening at 7pm. I would also like to remind everyone that SARC meets informally for breakfast at the Denny's Restaurant 6850 King George Boulevard in Surrey, between 7:30 and 9:00am each Saturday morning. We'd love for you to join us. Following breakfast, the OTC will be open from 9:30 until noon. You are invited to come down to the OTC with your equipment and any ham-related issues and our Elmers will try to assist you. You can also reach the Elmers by email at ve7sar.net. My email if you'd like to reach out is ve7lxb@gmail.com

Finally, thank you to SARC for the use of this repeater. This is VE7LXB returning the repeater to normal operation at (time) pm.

73 everyone.
