

Surrey Amateur Radio Communications Weekly 2m Net

INTRO Good evening. The time is now 8 pm (*Optional: twenty hundred hours*). Welcome to the Surrey Amateur Radio Communications Society weekly 2-meter net. My name is ____ and I will be your Net Control Operator this evening. (*Optional: I am located in _____ and am operating at _____ watts tonight.*) My personal call sign is ____ but for the duration of the net I will be using the club callsign of VE7SAR.

This net meets every Tuesday at 8 pm local time on the **VE7RSC** repeater at 147.360 MHz, positive offset and a tone of 110.9. A secondary repeater is available for South Surrey access on the same frequency with a tone of 103.5. Echolink and IRLP are only available on the North repeater.

Emergency and priority traffic may break in at any time.

SICK OR INJURED We will begin tonight's net by asking for any news or information on any sick or injured amateurs. Please come now with your call sign and name.

EXEC We will now ask for reports from the SARC Executive. If anyone from the executive is available, please come now.

ANNOUNCEMENTS Are there any general announcements from SARC members, or from members of other clubs or groups in the lower mainland, or from any amateur radio operators? Please come now with your call sign and name.

TOPIC Tonight our topic will be _____. Of course, we're also interested in how your week went and anything else you may like to share. All subjects are welcome. (*One common topic is "what kind of radio are you using?"*)

CHECK INS Let's move to check-ins. (*Break them into groups by radio type if you like.*) Please come now with your call sign, name, location and whether you'll be joining us for tonight's Round Table in groups of about 5. Are there any Echolink check-ins? Please come now. Do we have any late or missed check-ins before we start the Round Table? Please come now.

ROUND TABLE (*Don't forget every 30 min: This is VE7SAR with the **Surrey Amateur Radio Communications Weekly 2m Net.***) Let's begin the Round Table.

ROUND TABLE END With that, I will bring the Round Table to a close. (*Optional: We have had a total of ____ check-ins including myself for tonight's net.*) Thank you to all who participated.

WRAP UP The Surrey Amateur Radio Communications Society holds an informal breakfast meet-up at the Denny's at 6850 King George Boulevard in Surrey at 7:30 am each Saturday morning. Everyone is welcome.

Following coffee, the OTC will be open from about 9:30 am to noon. You are invited to come down, use the OTC equipment, or bring your radio problems and our Elmers will try to assist you. That's at 5756 142nd St. in Surrey and we encourage you to monitor this repeater en route if you plan to attend.

We'd encourage you to learn more about the Surrey Amateur Radio Communications Society by visiting our web site at VE7SAR.NET for more information and for contact details.

On behalf of the Surrey Amateur Radio Communications Society, I would like to say thank you for allowing us a clear frequency and I wish all of our check-ins a good evening. We hope you will join us again next week. This is VE7SAR standing down and returning the repeater to normal operations.
